PROFESSIONAL SUMMARY

UI/UX Designer with a degree in Design from Universidad Torcuato Di Tella and hands-on experience building web and mobile digital products. I combine visual design, UX, product thinking, and frontend development to create clear, functional, and well-implemented interfaces. Currently integrating AI-assisted workflows into design, product, and development to explore, prototype, and build better digital experiences.

WORK EXPERIENCE

SmartBuy Consulting(Consultory)

UI/UX Designer · Frontend

- Designed and developed the institutional website for SmartBuy Consulting from end to end.
- Defined information architecture, user experience, and visual design system for the brand.

Makisan Tech(Startup)

UI/UX Designer — Mobile Project

- Designed a mobile application for the Salta Gaming event.
- Created screen designs, user flows, and overall product structure.
- Collaborated closely with the development team throughout implementation.

BCH Arquitectura(Arquitectura)

Diseño Web

- Designed and developed the website for the studio.
- Translated the studio visual identity into a cohesive digital experience.
- Built fully responsive layouts optimized across multiple devices.
